The Youth Justice SEND Bubble

To coincide with the National Youth Justice Convention in Milton Keynes on 30th November, we are pleased to announce the launch of the Youth Justice SEND Bubble, an on-line learning platform aiming to deliver free training to every professional involved in the youth justice system.

The training is designed to promote reflective practice, empowering individuals and teams to identify where practice is successful, and (more importantly) where practice needs to be improved: then select and implement actions that are appropriate to the setting, to the challenges faced by the setting, and the context in which it operates. We acknowledge that every team is in a different starting place. By sharing effective practice from across the country, we wish to empower YOTs, Local Authority SEND Managers and all the other professionals that work in a team around the child to adapt and adopt creative solutions that have a sustained impact on securing better outcomes, and drive culture change.

The learning journey consists of a series of Modules.

Each module contains stand-alone module units, focussed on related topics.

They are written to help professionals in the youth justice system to understand better the needs of young people with additional needs, and for other professionals who interface on a daily basis with the youth justice system to understand the intricacies and complexities of the youth justice pathways.

Finally, these strands are drawn together, through case studies of effective practice, with tools, change management ideas and action planning support materials to help initiate, implement and embed change.

Powerful graphics and interactive learning events present information knowledge and ideas in an engaging and thought-provoking way.

Hyperlinks embedded in the text take you straight to source material that is either available directly on the internet, or has been archived by Achievement for All for access and ease of retrieval.

Reflective activities support either individual or group activity, guiding users to think deeply about critical issues, and working out local solutions to local challenges.
The development team have been visiting YOTs across the country, collecting case studies, stories and good ideas. All this information is only a click away.

As the series of national workshops run their course during the autumn and winter, this map will continue to be updated and developed.
How can you gain access to The Youth Justice SEND Bubble?

Getting an Access Code

If your Youth Offending Team has already sent in your team’s email addresses, or if you have subscribed to our Newsletter, you will be sent details directly on or around 30th November.

If you belong to a Youth Offending Team and you have not got an Access Code yet, contact your YOT Manager- they will be sent an Access Code for your YOT.

If you belong to a Local Authority SEND Team, Ed Psych, Health or Care professional please contact Juliet.Tibbels@afaeducation.org we will send you the relevant access code.

If you are interested in joining the community of practice and gaining access to The Bubble, simply register for the newsletter:

http://afaeducation.us6.list-manage2.com/subscribe?u=86ed797fe5240bb8ea0fa4fa3&id=b7fc57442f

You will be sent the Access Code.
Logging into The Bubble by opening a unique user account

STEP 1 You will need your access code

Bubble URL: https://bubble.afaeducation.org/

From the login screen, select the green bar create your account here

Enter your details, including the school/organisation code.

Follow the instructions that you will be sent (via email) to activate your own account.

STEP 2 Now, when you log in again to The Bubble, click on the link in the home page.
STEP 3 You will be taken first to an interactive panel that tell you more about the project, its content and intent.

You do not have to view this opening interactive every time you log in. Click on “skip next time”.

The next screen displays the three Modules of learning.
Click on “Open” on a Module

**STEP 4** As before, you will find an information screen that gives you an overview of the content. As before, you can bypass the screen next time you enter The Bubble by clicking on “Skip next time”.

STEP 5 You can now access the professional learning Module Units, and the resources that go with them!

The Bubble remembers where you have been!

Scroll down on the Home Page, and Click “My Recent items”.

You will see a list of recently viewed module units and resources.

Click on any one of the items and you will go straight to this material.
Every Module Unit ends with a tool that enables you to contact Achievement for All, or send screenshots and other material to other colleagues. Happy Bubbling!
